

TREY BOURGEOIS

DATA ANALYST | MUSIC PRODUCTION

trey@retroactivepedals.com | [linkedin](#) | [treybourgeois \(github.com\)](https://github.com/treybourgeois) | (985) 860-4243

As a business owner, I have had the privilege of viewing and collecting data, which sparked my interest in the Data Analytics Program with Nashville Software School. Through the program, I have gained experience in the tools and fundamentals of my interests including collecting and organizing data as well as coding. I am looking for a position to combine my passions and to become a Data or Business Analyst in a creative and collaborative work environment.

SKILLS

- SQL (Querying, PostgreSQL, pgAdmin)
- Database Management
- Python (pandas, etc.)
- Tableau
- PowerBI
- MS Excel (Pivot Tables, Vlookup, Dashboards, Visualizations)
- Circuit Board (PCB) Design and Process Management
- Operations/Crew Management
- Professional Touring Stage Tech and Lighting Designer
- Guitar Effects Electronics Designer and Builder

PROFESSIONAL EXPERIENCE

DATA ANALYTICS APPRENTICE, NASHVILLE SOFTWARE SCHOOL, 2021-PRESENT

NSS is a non-profit whose mission is to expand the technology workforce in Middle Tennessee by providing motivated individuals with access to a career in Data Analytics through hands-on and real-world training, mentorship, and learning-by-doing through individual and group projects.
