

ROBERT LUNN

Data Analyst

Greater Nashville Area | +615-500-7634 | robertrlunn@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL PROFILE:

I have spent 8+ years working in the logistics industry. I am looking to combine my new technical skills with my previous experience working on teams and individually to solve problems and drive business decisions.

SKILLS:

- Excel
- SQL
- Python
- PowerBi
- Tableau

DATA ANALYST EXPERIENCE:

Nashville Software School July 2021 - Present

Data Analyst Apprentice

Intensive part-time bootcamp focusing on data analytics fundamentals and problem solving. Used real-world datasets and included projects where findings were presented to stakeholders from the community.

- Analyzed data using Microsoft Excel, including utilizing pivot tables and lookups, and connected to external data sources using the PowerPivot add-on.
- Built and deployed dashboards using Tableau and PowerBI.
- Wrangled data and performed exploratory data analysis using Python's *pandas* library.
- Created data visualizations using *matplotlib* and *seaborn*.
- Gathered data through APIs and webscraping.
- Performed geospatial analysis using *geopandas* and *folium*.
- Retrieved and analyzed data using PostgreSQL and *sqlalchemy*.
- Source code version control with Git/GitHub.
- Project management/tracking with GitHub project boards and issue tracking.

PROJECTS:

Lahman Baseball Project | [GitHub](#)

- This project incorporated SQL to examine and query the Lahman Baseball Database. The goal was to navigate the data's ERD and find pieces of information in the vast amount of available data across its tables. SQL/pgAdmin were the technologies used for this project.

Prescribers Project | [GitHub](#)

- This project again utilized SQL to form analysis based on data surrounding prescription drugs and their providers/prescribers. The goal was to answer questions posed around the data and reach conclusions. SQL/pgAdmin were the technologies used for this project.

WORK EXPERIENCE:

P&S Transportation

CSR/Load planner | November 2021-Present

- Overseeing operations in Michigan/Indiana/Illinois for P&S Transportation as well as subsidiaries and joint ventures under the PS Logistics umbrella (12 + companies).
- Daily operations include planning available shipments on our assets, collaborating with surrounding territories to keep drivers moving, while focusing on customer service and communication.

Cavalry Logistics / Universal Capacity Solutions | April 2014 - November 2021

Team Leader, Asset Support | January 2020 - November 2021

- Served as corporate liaison across multiple teams with our third party logistics team center in Nashville after Cavalry Logistics was absorbed into its parent company, Universal Logistics.

Account Executive/Carrier Sales Representative | May 2015 - December 2019

- As an Account Executive, served as point of contact for a segment of our customers. Built working relationships with our shippers, rated freight shipments and worked with our regional team of brokers to find business for our contracted carriers.
- As a Carrier Sales Representative, used our CRM technology to profile our contracted carriers based on equipment, preferred shipping lanes, pricing and capability. This info was used by sales and operations to grow our footprint with our accounts.

Freight Broker | April 2014 - May 2015

- As a broker, worked on several regional teams to match available shipments to our contract carriers, with the goal of providing excellent service to our customer while maximizing our company's margins.

EDUCATION:

Nashville Software School | July 2022 - January 2023

Data Analytics Bootcamp

- Worked on team and individual data analysis projects using Excel, SQL, Python, Tableau, and PowerBI to clean and analyze data and present findings.

Middle Tennessee State University | 2008 - 2012

- Social Work/Psychology
